Brute Containers

Usage

Brute Containers are food-grade and ideal for bulk storage of food items. Also a popular choice for waste bins in the hospitality sector due to their unique features.

Features & Benefits

- Built-in lifting channels make it 50% easier to remove bin liners
- Commercial-grade construction with UV inhibitors
- Rounded handles with built-in bag cinches to hold bags in place
- Rim features a rib-strengthened design to resist crushing
- Reinforced base engineered for rough surfaces
- Rounded base handles for improved ergonomics
- Lids are designed with self-draining channels
- Lids feature snap-lock design for secure fit
- Ridges on lids enables stacking of Brute Containers
