

WERKS® Mesh Galvanised Collapsible Cages

Stockcode: 16640020

Benefits:

The WERKS Mesh Galvanised Cage is a stackable transport and storage cage ideal for production, warehousing and component storage applications. Easily collapsible for space saving during transport, the WERKS Mesh Galvanised Cage is assembled without any tools in seconds. This Cage is fitted with a drop down access gate allowing easy access to the base; even when stacked.

The WERKS Mesh Galvanised Cage can be transported by a Forklift or a Pallet Truck, and is suitable for racking or stand alone applications. WERKS Galvanised Stillage Cages / Pallet Cages are unique on the market with their positive locking bar for pallet racking insuring no movement.
