# Zinc Pallet Cage

## Insert Feet Design

650mmH

### Usage

A stackable transport and storage cage ideal for production, warehousing and component storage applications. Easily collapsible to save space. Large quantities can be customised to suit your specific requirements.

### Features & Benefits

- Compatible with pallet racking - unique positive locking bar prevents movement on racking
- Insert feet design allows safe stacking
- Removable sides for easy access to contents; 930mmH model has two fold down sides
- Collapsible design saves space when not in use
- Forklift access on all sides - anti-tipping bars reduce risk
- Pallet jack access on two sides
- Sheet floor for content security

930mmH
