

STURGO®

Rain Armour

Designed for STURGO® Electric Housekeeping Trolley V4 and V5

Usage

Designed specifically for STURGO® Electric Housekeeping Trolley V4 and V5, this Rain Armour is super smart and easy to use. It provides protection to the trolley and its content, while providing easy access to all parts of the trolley on demand. Reduce or eliminate downtime during the wet season and increase your cleaning output.

Features & Benefits

- **Hassle-free.** Designed for easy self assembly with no tools required.
- **Smart.** Designed with precise cut-outs to provide easy access to all parts of the trolley on demand.
- **Robust.** Detachable steel frame construction.
- **Practical.** Clear PVC provides full visibility while driving trolley.
- **Protective.** Easy roll up/down protects electrics from the elements.
- **Strong.** Industrial strength zippers.
