

**STURGO®**

# Upright Court Trolley

## Usage

STURGO® Upright Court Trolleys are ideal for transporting bulky files and folders throughout the workplace. Very popular in legal and office applications.

## Features & Benefits

- Constructed from round tube with welded wire mesh sides, back, base and shelves, making it reinforced and lightweight
- The shelves are designed to lift up to allow for tall items
- The rear wheels are 200mm fixed, and mounted on axles, front wheels are heavy duty 75mm swivel plate mounted castors
- Finished in chrome with plastic handle grips.
- The trolleys can be supplied with stairclimber wheels and vinyl cover as optional accessories.
- Optional Rain Cover also available
