# Double Pallet Cage

*Cup Feet Design*

Shown with  
lockable lid

## Usage

Excellent for production, warehousing and component storage applications. Double the size of standard pallet cages for storing large and bulky items. Durable, versatile and cost-effective.

## Features & Benefits

- Compatible with pallet racking storage - positive locking bar minimises movement
- Cup feet design allows cages to be stacked
- Accessible by forklift and pallet jack on all sides (bar design prevents uneven loads tipping)
- Durable all-galvanised construction
- Sheet floor for content security, with superior strength via support bar design
- Hinged fold down front and back gates for easy access to contents
- Lockable mesh hinged lid available

## Specifications

### Model 16640028
