

THE LEMUR: MOBILE BARRIER SAFETY STAND

Lift your safety game wherever your team's using heavy equipment or working around moving plant. Create safety areas, pedestrian safety paths and exclusion zones in minutes. No tools or installation required. Just wheel out the Lemur, reel out your safety tape and relax.

Designed and manufactured to perform in harsh weather environments, the Lemur will stand up (pun intended) to wild weather and heavy handling. It holds heavy-duty safety tape reels with ease, saving you the installation time, money and the hassle of fixed reels.

- **Robust.** Heavy-duty steel construction.
- **Hi-vis.** Powder-coated finish in safety yellow.
- **Stable.** Solid base plate prevents toppling. Holds the tension of the Safety Tape Reel with ease.
- **Quick.** Wheel out and deploy in minutes. No installation required.
- **Ergonomic.** 1090mm handle height and 200mmØ wheels for easy transport.
- **Versatile.** Create zones of any size. Easily daisy chain them together to cordon off wider areas.

Can be supplied with or without the Retractable Safety Tape Reel.
