

# Nesting Crates

## Usage

Industrial strength storage containers assist with keeping your small items safe, secure and organised. These are an ideal solution for materials handling and logistics applications.

## Features & Benefits

- Made from 100% recycled, heavy duty PP materials - PP is compatible with the food industry
- Crates are able to be snap frozen
- Flat base makes these suitable for conveyor use
- Good Environmental Choice Australia (GECA) approved
- Minimum order quantities may apply for these products - 240 units to a pallet, 400 Lids to a pallet (Lids sold separately)
- Tapered sides allow these crates to nest inside each other when not in use - space saving!
- Custom colours are available with minimum order quantity of 500 units
