

PILOT 10 METRE BELT BARRIER

Ensure safety and streamline pedestrian traffic with the Pilot Retractable Belt Barrier (10M). Built for durability and versatility, this cone-top barrier excels in controlling hazards across industries like construction, events, airports, retail, and utilities. Perfect for both indoor and outdoor use, it adapts effortlessly to your safety needs.

- **10M Long Retractable Belt.** Durable black belt with an integrated locking clip for secure barrier placement.
- **'Twist-Lok' Quick Connect System.** Effortlessly set up or dismantle the barrier with a unique and user-

friendly connection mechanism.

- **Detachable Cone Adaptor.** Easily adaptable for compatibility with standard cones.
- **Anti-Tamper Mechanism.** Prevent unauthorized adjustments for enhanced security.
- **Stainless Steel Bearings.** Engineered for longevity, ensuring smooth and reliable performance.
- **Wall Receiver Included.** Complete with a wall-mounted receiver for added convenience and flexibility.
