

# HEAVY-DUTY LOCKER SHELF CONFIGURATION

Ultra-sturdy, heavy-duty locker that's built to last.

- **Strong.** A whopping 200kg capacity per shelf, supported by two-bar reinforced base on each shelf.
- **Capacious.** Deep storage with four shelves included. Options to add additional shelves. Perfect for mining tool storage.
- **Transportable.** Pallet jackable and forkliftable.
- **Secure.** Two-point door locking system.
- **Adjustable.** Adjust shelves according to your storage needs with 30-40mm increments.
- **Durable.** Fully welded heavy-duty construction (no rivets).
- **Smart.** Sloped top prevents dust and dangerous overhead storage.
- **Modifiable.** Get your company name or site name on the storage locker.
