

# Manual Sweeper

## Usage

Easy to use and cost-effective with no electronic parts. The economical option to keep your warehouse floors clean and free of trip hazards.

## Features & Benefits

- All brushes are made of long lasting polyamid. This is very tough & will also revert back to its straight position if bent or stressed whilst being stored
- Entirely manual for easy operation (No batteries to recharge)
- Particularly smooth-running for quick and easy sweeping
- Main structure is made of impact-resistant polyethylene for long lasting quality
- Easy height adjustment of both main & side brooms enables effective sweeping capability for various surfaces
- Handle bar is easily foldable allowing for compact storage
- Stair and kerbs can be negotiated easily due to the rear protruding wheels
