

PILOT 5 METRE BELT BARRIER

The Pilot 5 Retractable Belt Barrier is designed to deliver unmatched safety and flexibility in managing pedestrian traffic. Featuring a self-centering, 360° swivel base, it ensures effortless belt alignment in any setting. Perfect for a wide range of industries, it's available in Hi-Vis green or Two-Tone grey, with 12 standard belt options and customizable belts available upon request.

- **360° Swivel Base.** Self-centering design for flawless belt alignment.

- **Customizable Appearance:** Choose from Hi-Vis green or Two-Tone grey casing, with 12 standard belt designs or personalized options.
- **Twist-Lok Connectivity:** Simplifies accessory connection without tools for ultimate convenience.
- **Flexible Mounting Options:** Use with wall or magnetic receiver clips, or secure to another Pilot unit or accessory like the Pilot 4-Way Receiver.
- **Durable Construction:** Built to withstand demanding environments while maintaining ease of use.
