

SPRING LOADED PALLET POSITIONER

Say hello to the Spring Loaded Pallet Positioner and goodbye to the WHS risks associated with bending to load and unload pallets. Simple, robust and easy to use, the scissor lift's heavy-duty compression springs lift your pallets, with shock absorbers keeping the load steady.

- **Tough.** Heavy-duty galvanised construction.
- **Easy.** Quick and easy capacity changes.

- **Portable.** Built-in sockets suit pallet jacks or forklifts.
- **Practical.** Turntable top allows load to be rotated.
- **Safe.** Optional rotation lock (to lock top in position).
- **Stable.** Optional adjustable feet for uneven surfaces.
- **Manoeuvrable.** Add castors for greater mobility.

MODEL	DESCRIPTION	DIMENSIONS (mm)	CAPACITY (kg)	WEIGHT (kg)
16810072	Spring Loaded Pallet Positioner	Platform: 1100Ø x 230-700H Base: 920L x 930W	2000	160
