

MEGA BENCH

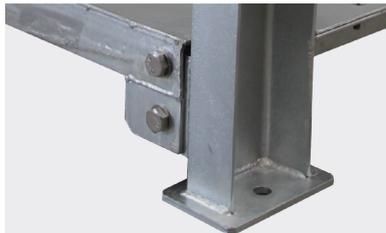

World-class performance for Australia's toughest mining environments.

- **World-class.** Market-leading design, durability, versatility and safety.
- **Versatile.** Comes in a variety of height options.
- **Height adjustable.** 914mm and 1114mm height (with wheels) are height adjustable by simply removing the castors.
- **Strong.** Reinforced to handle 2.5T or 6T (500kg under-shelf capacity).
- **Durable.** Heavy-duty 20mm-thick steel top and galvanised finish.

- **Safe.** High-tensile fixings and large feet with anchor points.
- **Transportable.** Concealed lifting lugs/eyes and forklift pockets.
- **Customisable.** Brief our team to create your custom Mega Bench.
- **The ultimate mine site hero.** Eye bolt tie-down points add safety - operators can anchor equipment to the bench, reducing the risk of a crush injury.

Fork pockets

Anchoring points

Reinforced framework

20mm thick steel top

Eye bolt tie-down points

MODEL	DESCRIPTION	HEIGHT (mm)	DIMENSIONS (mm)	CAPACITY (kg)	WEIGHT (kg)
